

FOR IMMEDIATE RELEASE

The Palisades Will Rogers 5 & 10K Foundation has announced that it is cancelling its 5K, 10K and Kids Fun Run races for the 4th of July. This decision was made after careful consideration of all the variables that affect the planning and running of the race.

The Covid-19 pandemic is starting to show signs of improvement and local officials are starting to relax the standards for social distancing. However, a street-use permit could not be secured in time for the necessary planning work to be completed. Moreover, due to the athletic and social nature of the event, enough uncertainty remains about the safety of community members gathering in close proximity to each other, including those who have not yet had an opportunity to receive vaccinations, that organizers have elected to err on the side of caution.

The Race Foundation looks forward to resuming the race and its long-standing tradition next year, and is grateful for the support of the community going forward.
